Looking to get more out of your camera? Enjoy taking pictures and want to know how to “get the shot”? Need some new ideas for different kinds of shots? This seminar is designed to help you learn how to get the most out of each shot. We'll teach you simple yet powerful tricks that will take your photography to the next level. Bring your own device for taking pictures on.

_____ **Titanic Play (k-8) Ms. Reyes**

The steamship, RMS Titanic, met its catastrophic end when it sideswiped an iceberg on its way to the Port of New York on April 15th, 1912. Come and learn all about the Titanic, and recreate this historical event for your classmates. If you have already signed up for this play, then you must be in this seminar.

_____ **Study Hall (1-5) Ms. Haddad**

Always have unfinished business but can't focus because of other seminars going on? or have a hard time doing homework at home? This is the right seminar for you. This seminar will act as a quiet place for students with unfinished business and for students who have a hard time doing homework at home because of their busy schedule.

_____ **Soccer skills (k-3) Mr. Quaresma**

This class will focus on the fundamentals of soccer. I will help develop each player's motor skills and basic techniques of the game. This seminar is not only perfect for students looking to learn the game, but for students who excel in an energetic outdoor environment. If you have a soccer ball please bring it.

_____ **Seasonal Arts and Crafts (K-5) Ms. Condemi**

Who doesn't love a handmade gift? Design and create your own gifts, cards and art for the Fall/Winter holiday season while learning several different art mediums. This class will require each artist to bring/purchase art supplies. Students are encouraged to bring an apron/coveralls to the seminar.

_____ **Japanese Manga and Anime (5-8) Ms. Diersen**

If you are into Japanese Manga and Anime, then this is the seminar for you! We will be discussing the history, symbolism, and significance of these two art forms as well as how Japan's history played a role in their creation. There will be some viewing of school appropriate anime with discussion to follow about the themes and characters. We will learn about character archetypes in anime and even how their physical characteristics define what type of personality they have. Be prepared to share your favorite manga/anime with the class by providing a synopsis of the plot (no spoilers please!).
