Administrator Updates

1. Mrs. Kettleson updated parents regarding the decision the charter authority made on April 28th. We were granted the ability to stay open for an additional three years and by year end 2019 we must achieve a 4 star rating. It was also determined that the authority could step in at any time within those three years if Discovery is not performing and issue another notice of closure.
2. We must find applicants to sit on a newly reconstituted governing board by mid June. Applicants must meet one of the following criteria; legal background, finance background, human resources, administrative/teaching licensure and two parents are able to sit on board. If we are unable to do this, we must hire a receiver that will find a board for us at a hefty monthly fee.
3. Mrs. Kettleson will send out detailed information regarding authority expectation and requirements for board members. Please share this information with friends and/or family that you think would make a great fit.
4. Mrs. Kettleson discussed partnership with ANET (an educational consulting service) and curriculum changes we will be making in the new school year.
